

Incoming President's Address

I believe that the future requires us to work towards providing a game which encompasses the reason for playing of all our participants. Their aims often differ widely, so it is vital that the first requirement is an atmosphere in which all are able to feel comfortable and important. The Code of Conduct was produced last year, and I am sure this is the way forward. If people find that their evening out is enjoyable, they will come back for more.

Recruitment is so important. The ideas expressed at the AGM were excellent, so let us see if we can get something into schools, universities and youth groups like the scouts and guides. If you have ideas, please let me know. If you want help, I will if I can, or will try to help you find someone who can.

I am honoured to be President, and will try to meet people in the Clubs and Congresses. I will be asking secretaries during the year for dates on which I can attend each club.

Let us make this a really successful year for the Welsh Bridge Union and all its members.
